

# CENTRAL OREGON'S High Desert Gem

*Juniper Golf Course continues to garner awards*

Since moving to a new location five years ago, Juniper Golf Course in Redmond, Ore. has been attracting regional golfers and national awards.

Beginning with a *Golf Digest* “Best New Courses in 2006” No.7 ranking, Juniper then garnered that publication’s “Outstanding Places to Play in 2008-09” award. This year Juniper has picked up a *Golfweek* “Best Course You Can Play” designation in Oregon, and named the “Best Municipal Golf Course in Oregon” by *Golf Digest*. This puts Juniper in the company of Bethpage Black in New York and Torrey Pines in California as their state’s best municipal courses. >

Juniper opened in July of 2005 and immediately started attracting attention. The acclaimed golf architect, Northwest native John Harbottle III, skillfully laid a fantastic course on a pristine piece of high desert landscape that captures views of eight Cascade Mountain peaks. From the tips, the par 72 course stretches to 7,186 yards to challenge the very best players; but with seven different tee combinations available, the course is fair and enjoyable for every skill level.

The course has certainly been noticed by the regional offices of national golf organizations, as it has been selected by the Pacific Northwest Section PGA as the site of the Oregon Open in 2007 and again in 2010. Juniper has also been the site of the USGA Amateur Qualifier each year since 2006.

It is also home to some of the area's best amateur events including the always filled Juniper Best Ball Tournament, the 3-Man Central Oregon Scramble and the very popular couple's Chapman tournament, the Man-Gal Invitational in August. This fall, the PPGA Men's Mid-Amateur Championship is being held at Juniper on September 15-17.

The most consistent comments from golfers playing Juniper center on the fantastic quality of the

greens. Seeded with A4 Bent Grass, Juniper's putting surfaces are smooth, pure and considered tour quality. For major events like the Oregon Open Invitational, the Stimpmeter has seen readings of 14, making a downhill four-footer an exciting challenge. For average play though, they are known for how true the ball rolls, giving players of all skill levels confidence they can make putts.

Juniper has an excellent practice facility with a long double-ended driving range, two practice greens – one for putting and one for chipping – and a practice bunker. Pacific Northwest Section PGA Hall of Fame inductee, Bruce Wattenburger manages a full service pro shop with lessons available for all skill levels.

Juniper has the slogan, "Come for the Golf and Stay for the View" to highlight their full service restaurant, bar and banquet facilities. The view from the patio of the Cascade Mountains is the perfect way to relax before or after the round and enjoy a meal and cold beverage.

Located just south of the Deschutes County Fairgrounds in Redmond, "the Hub of Central Oregon", Juniper Golf Course is convenient to Bend, Prineville and Sisters and a "must play" golf adventure for your next trip to Central Oregon.

## AT A GLANCE

### JUNIPER GOLF COURSE

1938 SW Elkhorn Ave  
Redmond, Oregon 97756  
800-600-3121  
www.junipergolf.com
